HELIOS

Chemical Group: Organophosphorous

Technical Ingredient: Chlorpyrifos 48%

Formulation: EC

Manufacturer: Sharda Cropchem Limited- India/Canada

Mode of Action: Contact, Ingestion, Vapor

Dosage/100 ltr of water: 150 - 200 ml / 100 ltrs of water

Pest Controlled: Stem Borer, Date palm red weevil, fruit stalk borer, Lesser Date Moth (Humaira).

Packing: 1 liter Bottle

SHARDA CHLORPYRIFOS 500 EC

INSECTICIDE

(PUBLIC HEALTH INSECTICIDE)

Technical Ingredient: Chlorpyrifos 50%

Formulation: EC (TERMITICIDE)

Manufacturer: Sharda Cropchem Limited- India/Australia

Dosage/100 ltr of water: 1 ltr / 100 ltr water

Usage: Outdoor (for termites control)

Pest Controlled: Termites, ants & cockroaches

Packing: 1 liter Bottle

LAMBDA CYHALOTHRIN 5% EC

Chemical Group: Pyrethroides

Technical Ingredient: Lambda Cyhalothrin 5%

Formulation: EC

Manufacturer: Agri Sciences Ltd- Turkey / India

Mode of Action: Contact & stomach

Dosage/100 ltr of water: 35-50 ml/ 100 ltrs of water

Pest Controlled: Aphids, cut worms, thrips, Stem Borer, Date palm red weevil, Lesser Date Moth (Humaira).

Packing: 1 liter Bottle

DELTA METHRIN 2.5% EC

Chemical Group: Pyrethroides

Technical Ingredient: Deltamethrin 2.5%

Formulation: EC

Manufacturer: Agri Sciences Ltd- Turkey / India

Mode of Action: Contact & stomach

Dosage/100 ltr of water: 25-100 ml/ 100 ltrs of water

Pest Controlled: Whitefly, cutworm, aphids, thrips, Stem & Stalk Borer, Date palm red weevil.

Packing: 1 liter Bottle

IMIDACLOPRID 35% SC

Chemical Group: Neonicotinoids

Technical Ingredient: Imidacloprid 35%

Formulation: SC

Manufacturer: Agri Sciences Ltd- Turkey / India

Mode of Action: Systemic Insecticide

Dosage/100 ltr of water: 40-50 ml/ 100 ltrs of water

Pest Controlled: Aphids, white fly, Leaf miners, Stem Borers, beetles, date Palm red weevils.

Packing: 1 liter Bottle

COPPER OXYCHLORIDE 50% W.P

Chemical Group: Fungicide

Technical Ingredient: Copper
Oxychloride 50%

Formulation: WP

Manufacturer: Agri Sciences Ltd- Turkey / India

Mode of Action: Preventive & Curative Fungicide

Dosage/100 ltr of water: 250-400g / 100 ltr of
water

Pest Controlled: Fungal & Bacterial Leaf
Spot, Downy Mildew, Target Spot, Black
Spot, Smoky Blotch, scab.

Packing: 1 kg pack

PFS-PH3

Chemical Group: Spray Adjuvant

Technical Ingredient: Total Nitrogen (N) 3% m/m ,
Ureic Nitrogen (Nu) 3% m/m, Phosphorus Pentoxide
(P₂O₅) 15% m/m.

Formulation: Liquid Conc.

Manufacturer: PFS-Spain

Mode of Action: Spray Adjuvant (PH regulator, wetting,
spreading, penetrant Agent)

Dosage/100 ltr of water: 500-800 ml/ 100 ltrs of water

Usage: Reducing the PH of the spray water & prevents
degradation of the active materials to maintain/improve the
effectiveness of phytosanitary treatments.

Packing: 1 liter Bottle

DAMOIL

Chemical Group: Organic (Ecocert Approved)

Technical Ingredient: Mineral Oil

Formulation: Oil Emulsion.

Manufacturer: Drexel Chemical (USA)

Mode of Action: Suffocation of respiratory system, eggs, larvae, pupae, adult.

Dosage/ltr of water: 10 ml / ltr of water

Pest Controlled: Aphids, thrips, mites, caterpillars, white flies, mealy bugs, leaf miners,

Packing: 1 liter Bottle

MALE FRUITFLY PHEROMONE

METHYL EUGENOL 99%

Chemical Group: Botanical

Technical Ingredient: Methyl Eugenol 99%

Formulation: Liquid Conc.

Manufacturer: IPS-UK

Mode of Action: Sexual Attraction (males)

Dosage/ ltr of water: 2.5 ml/ ltr

Target: Fruit Fly *Dacus Dorsalis* ♂

Packing: 1 liter Bottle

FEMALE FRUITFLY PHEROMONE

P31 FLYTEC PROTEIN HYDROLYSATE

Chemical Group: Botanical

Technical Ingredient: P31 Flytec Protein Hydrolysate

Formulation: Liquid Conc.

Manufacturer: IPS-UK

Mode of Action: Sexual Attraction (Females)

Dosage/ ltr of water: 2.5 ml/ ltr

Target: Fruit Fly *Dacus Dorsalis* ♀

Packing: 1 liter Bottle

GRAINPHOS

(ALUMINIUM PHOSPHIDE 56%, FT)

Chemical Group: Inorganic Phosphide

Technical Ingredient: Aluminium Phosphide 56% w/w min.

Formulation: Fumigant Tablets (FT)

Manufacturer: Royal Agro Organic pvt. ltd-India

Mode of Action: Fumigant

Dosage/ tonne: 3-5 tabs/ tonne

Target: Burrow Fumigation, Date palm trunk fumigation, Space fumigation, Bulk grains and raw commodities in a flat storage.

Packing: 1.44 kg tin (30 tabs x 16 tubes=480 tabs)

DUSTING POWDER
TORNADO 6002DM

MAXIMUM CAPACITY : 950 CC

- **NET CAPACITY : 710 CC**
- **APT FOR AREA: 50 m³**
- **AVERAGE QTY SPRAYED CC/MIN : 170 CC**
- **MADE IN ITALY**

PHEROMONE TRAP FOR DATE PALM RED WEEVIL

Technical Specifications:

DESIGN: Roughness outer surface designed carefully to furnish a normal crawling for the insect (intensive experiment had been carried in the field and the laboratories to ensure this fact) & smooth inner surface with a flat lid.

MATERIAL: (i) Bucket & Lid: made of 100% Virgin Plastic
(ii) Melt Index: 12 MFI (100% food grade)

BUCKET:

- + Capacity: 10 liters
- + Weight: approximately 400g – 500g
- + Height: 25-30 cm
- + Top Inner Diameter: 23.7 cm
- + Bottom Diameter: 19 cm

LID: Flat, having four equally spaced holes (2.5 x 5 cm) and a pin hole at the center.

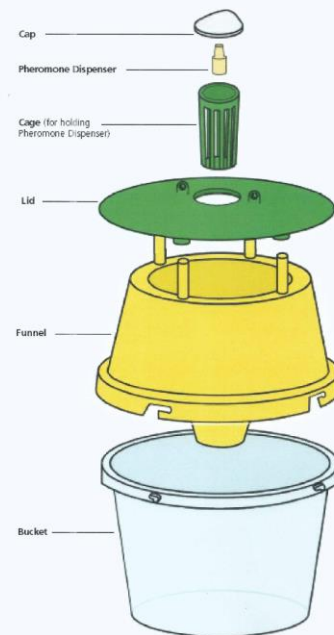

AGRISYS

UNITRAP

UNITRAP

**Uni trap is designed to be used for monitoring of a wide range of moth pests. It is useful for capturing larger moths and monitoring for pests in dusty locations where sticky boards are often ineffective. It is available in different colors and is designed so that it can hold an attractive pheromone lure in a lure cage and/or a liquid or dry attractant in bucket if required.

ELECTRIC DRY LIGHT TRAP

- *COVER FOR LIGHT SOURCE
- *LIGHT SOURCE FACILITY
- *FUNNEL

- *TUBE PIPE
- *DRAWER CATCHING FACILITY
